

{ An Understanding of an updated LLVM-based Quantum Research Compiler + Machine Learning Algorithms Using QRNG Devices/QRNG Services for R&D support to monitor Next Generation Meta-genomics Platforms -> A Simple Suggestion to advance Meta-genomics w.r.t QRNG Devices } -> Interesting Technical Communication.

Proof of Concept [POC] Development in Progress @ the TIME of Submission.

Thanks for Understanding. Please see our online technical notes on Vixra.org + github media platforms and derive your own Algorithms.

Rigorous Testing in Progress @ the TIME of Submission.

One of the pioneering efforts in this highly challenging domains of S&T.
